¹In September 1997, the Family Counselling Service (FCS) was renamed the Domestic Violence Intervention Unit (DVIU). It later on (August 2003) merged with other services (as the Child Dev. Unit) & was known as the Integrated Services Centre (ISC). As from June 2004 it was renamed the Family Support Bureau (FSB).

²Also includes child cases as from **August 2003** as all services (FCS, CDU & DVIU) were integrated to a single service (ISC now FSB). However, cases by 'nature of problem'³ refer to **adult cases only**.

Note : The Gender Inequality Index (GII) , introduced by the United Nations in 2010, is a composite measure reflecting inequality in achievements between women and men in three dimensions, namely reproductive health, empowerment and the labour market. It varies between zero (when women and men fare equally) and one (when men or women fare poorly compared to the other in all dimensions).

According to the latest figures published in the 2013 UN Human Development Report, Mauritius ranked 72th out of 152 countries with a GII value of 0.375.

Slovenia ranked first with a value of 0.021 and Yemen last with a value of 0.733
